PRESS RELEASE

Exacq Technologies Appoints New Canadian Manufacturer's Rep

WestRep Marketing will represent the exacqVision product line in Western Canada

(INDIANAPOLIS)—Exacq Technologies, a leading manufacturer of video management system (VMS) software and servers used for video surveillance, has announced WestRep Marketing Inc. as its new manufacturer's representative to manage the reseller, distributor and OEM sales for Western Canada.

WestRep Marketing Inc. has been representing security product manufacturers in Western Canada for 13 years and are experts in CCTV, IP video, and datacom infrastructure. Ryan Kennedy and his team at WestRep provide complete pre- and post-sale technical assistance, order entry service, and sales support for exacqVision resellers.

"We are excited to have WestRep Marketing join our Exacq team," said Tom Buckley, Vice President of Sales and Marketing at Exacq Technologies. "We believe their experience and knowledge will leverage our exacqVision product line throughout Western Canada."

For more information on exacqVision products and offerings, go to www.exacq.com.

About Exacq

Exacq Technologies (www.exacq.com) designs and manufactures the cross-platform, open-architecture exacqVision video management system (VMS) used in the physical security industry for IP video surveillance. exacqVision is available on factory-installed hybrid and IP camera servers or on commercial off-the-shelf servers. It can also be installed directly on compatible IP cameras, eliminating the need for a separate server. Video from exacqVision servers can be accessed with the free, cross-platform (Windows/Linux/Mac) client, most web browsers and via the free exacq Mobile app available for iPhone, iPad and Android devices. Exacq's products are available throughout the world via authorized resellers and distributors.
