CHANGE NOTIFICATION #: 1006

PLANNED DATE OF CHANGE: 8/25/17

Bentel manufactured systems: 8/25/2017

Toronto manufactured systems: 8/25/2017

SUMMARY OF CHANGE:

The contents of the CSA option for A-Series and Z-Series NVRs are changing. As a result, the old part numbers are being discontinued and new part numbers introduced.

DESCRIPTION AND REASON FOR CHANGE:

Due to the use of Windows 10 IoT Enterprise on all standard Windows NVR systems, the CSA upgrade options for A-Series and Z-Series servers is changing.

The CSA option for A-Series hardware will no longer include Windows 7 Professional Edition, as Windows 10 IoT Enterprise delivers the same level of 3rd party application support. It will also no longer include a 120GB SSD upgrade, as all A-Series Windows systems include 120GB SSD.

The CSA option for Z-Series hardware will no longer include Windows 7 Professional Edition, as Windows 10 IoT Enterprise delivers the same level of 3rd party application support. It will also no longer include a 120GB SSD upgrade, as all Z-Series Windows systems include 120GB SSD.
