

DATE OF PUBLICATION: 7/27/17

CHANGE NOTIFICATION #: 1007

PLANNED DATE OF CHANGE: 8/25/17

Bentel manufactured systems: 8/25/2017

Toronto manufactured systems: 8/25/2017

## **SUMMARY OF CHANGE:**

For exacqVision LC-Series systems with onboard PoE ports (“Una” systems), the planned date of change in Linux Ubuntu versions from 14.04 to 16.04, as described in PCN #1004 issued on 7/25/2017, has been moved. The new date for LC-Series with PoE ports is now 8/25/2017. All other LC-Series systems will still migrate to 16.04 Ubuntu Linux on 8/3/2017, along with A-Series, ELP-Series and Z-Series hardware.

## **DESCRIPTION AND REASON FOR CHANGE:**

LC-Series PoE systems are migrating at a later date to allow for additional testing of PoE port management in the new version of Linux.
